

DR. CLARENCE W. MORRIS
OPTOMETRIST

December 21, 1972

Richard Nixon, President of
THE UNITED STATES
Washington, D.C., 20515

Honorable Mr. President:

// This letter is intended to protest in the strongest manner possible the agreement with Russia to limit our defensive missiles. An agreement on both sides to limit offensive missiles would make far more sense.

// This letter is also written to request the declassification of Oleg Penkovskiy's special collection of documents in the hands of the Defense Department.

Yours respectfully,

Clarence W. Morris

Clarence W. Morris, M.A., O.D.
